Summer Assignment

Your assignment is to read the introduction and first three chapters of Supercrunchers by Ian Ayres. We will continue to use the book throughout the first semester.

Your first Supercrunchers assignment is to concisely summarize your summer reading. The assignment should be typed and submitted on the first day of class. Someone who has not read the book should be able to read your summary and understand what the book is about. You should have at least one paragraph for each section. Please be specific and use examples from the book. The assignment will be counted as a quiz score and you will be tested on the material during the second week of school. ANYONE NOT SUBMITTING THE ASSIGNMENT ON TIME WILL RECEIVE A ZERO.

The heading on your page should look like this:
